

PIETRA GREY

Marble

Defender is the treatment that makes the surface of marble and stone extraordinarily resistant.

PIETRA GREY
Marble

Ambiguous and elusive, the colour is told in the texture and gives way to the tactile sensation. **Mimetic and variable**, it is the certainty of harmonious fusions.

PIETRA GREY

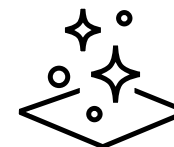

Marble

Natural stone

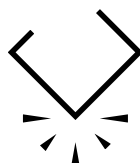

Suitable for contact
with foodstuffs

Easy cleaning and
maintenance with
neutral detergents

High resistance to
food stains

High impact
resistance

Surface resistance to liquids commonly used on kitchen tops

Care and Maintenance

- Cleaning is recommended after each use.
- For daily cleaning it is recommended to use a soft or microfiber sponge and hot water.
- To clean stubborn stains, we recommend using neutral pH soap and soft or microfibre sponges, then rinsing everything with plenty of hot water so as not to leave any residue.
- Do not place hot objects on it.
- Do not use adhesive materials or glues on it.
- Do not use aggressive detergents, bleaches, thinners, corrosive substances, chemicals, industrial solvents, thinners and similars.
- Do not use abrasive or metal sponges and do not engrave or abrade the treated surface.
